♦ What We Do

Transform Ideas into Scalable Tech Platforms.

At Mizra Consulting, we blend strategic product thinking with full-stack development, automation, and analytics. Whether it's launching your MVP, setting up a CRM, or scaling SaaS growth — we're your execution partner.

♦ Our Core Offerings

Service	Description
Product Management Consulting	From discovery to GTM — complete ownership of product vision, roadmap, and execution
MVP & Roadmap Planning	Validate, design, and deliver your Minimum Viable Product in 21–30 days
SaaS Strategy & Platform Setup	Launch SaaS products with the right architecture, tech stack, and GTM funnel

UX/UI Design Audits	Improve experience and conversions through visual and journey optimization
Automation & CRM Solutions	Automate sales, operations, and marketing workflows with Zoho, HubSpot, and more
Analytics & Tracking Setup	GA4, Mixpanel, MoEngage — end-to-end data flow, funnel tracking, and dashboards
B2B SaaS Growth Advisory	Help founders define ICPs, pricing models, retention metrics, and user activation
Platform Building with Teams	Bring your product idea to life using our trusted design-dev partners
